Blowplast Pvt. Ltd. has been a trusted name in the plastic packaging industry since 1957. We specialize in manufacturing high-quality rigid plastic bottles, jars, and packaging solutions for a wide range of industries.

RIGID PLASTIC SOLUTIONS

PET Jars

PET Bottles

INDUSTRIES SERVED

• Confectionery • Oil • Juice • Water • Beverages • Spice • Stationery • Food

TIMELINE

1957

Founder Ata-Ur-Rehman opened Universal Plastic Industry, a small space on Frere Road with a single semi-auto injection moulding

1960

Competitor, Atlas Plastic was acquired

1986

The first fully automated stretch blow moulding machine was imported to Pakistan from Nissei, Japan

1990 ONWARDS

Launched three different business units dedicated to B2B packaging, toys for kids and household products separately ensuring better deliverance of the promise made to customers.

1990

Portfolio diversification by entering into the children's toys sector and household items.

Injection Moulding for Complex Packaging Products and Parts

Diverse range of injection moulding machines spanning 120 to 2700 tons, enabling us to manufacture a wide variety of small and large complex products.

Injection Stretch Blow Moulding for Plastic Bottles and Jars

Nissei ASB Japanese injection stretch blow moulding machines for PET bottles, ensuring precision and consistent quality.

Multiple Location Units

Two manufacturing units one in **Lahore**, one in **Karachi** enabling shorter delivery times and reduced transportation costs based on customer location.
